

# Protect the Mission

Federal agencies and contractors in the defense industrial base enable the mission to serve and protect. Coalfire Federal helps protect the mission.

## Authoritative, Knowledgeable Experts

For nearly two decades, Coalfire Federal has provided federal agencies and government contractors with risk management, compliance, and program leadership. Our mission to deliver leading Cybersecurity Maturity Model Certification (CMMC) Advisory and Assessment services is founded on our extensive experience as a compliance-first business with deep understanding of the cloud and its role in accelerating the CMMC process. We also lead the industry in delivering FedRAMP, NIST 800-171, and U.S. Federal Government program cybersecurity services.

### Proficient

Exceptionally qualified cybersecurity practitioners with industry-specific experience and knowledge who provide accurate results.

### Experienced

Extensive cloud expertise, technology, and innovative approaches to government cybersecurity programs.

### Trusted

Leading FedRAMP 3PAO and a C3PAO, with established trust among federal government partners.

## Our Suite of Certification, Compliance and Advisory Services Include:
